

SHIN SABI (新寂 / 真寂)

THE ART OF GROUNDING: SPACES THAT SUMMON PRESENCE.

Material anchoring tools for Wellness, Yoga,
Breathwork centers, and Premium Retreats.

MATERIAL ANCHORING

A CANDLE ACCOMPANIES A RITUAL.
A PIECE BY 53 DESIGN LAB SUMMONS IT.

In holistic practice, the atmosphere is not decoration: it is the tool that sustains the experience.

Before participants close their eyes, their bodies have already processed the space.

53 Design Lab is a project creating concrete pieces that unite sculpture, function, and experience. It is born from the need to create a living relationship between matter, space, and person.

My functional art pieces are anchors of presence in raw concrete, specifically designed to reduce mental noise, focus the group's attention, and mark the threshold of entry into the practice..

.

THE PATH OF PRESENCE

ACTIVATION → ANCHORING → RITUAL → RETURN TO ONESELF.

The project's own philosophy is Shin Sabi, an act of rebellion against passive or purely contemplative art.

Here, the work does not end in its form: it is completed when the facilitator or participant activates it, touches it, and participates in it.

Each sculptural piece offers different registers of activation in your room thanks to its multi-position nature and its consolidated core crafted in the studio.

BREATHWORK, YOGA & RETREAT SESSIONS (THE POWER OF FIRE)

Pure activation through fire and sand wax at the center of the room.

It acts as a central sun that unifies the group's energy and burns away exterior noise.

INTROSPECTION DYNAMICS (THE MULTI-POSITION GESTURE)

As multi-position pieces, participants interact by rearranging the forms on their base, symbolizing their own search for balance through touch before starting the session.

AYURVEDA & MASSAGE THERAPIES (THE FLUIDITY OF AROMA)

Activate the piece by adding water to hold floating candles, or use the subtle evaporation of essential oils through diffusing stones.

Its consolidated interior finish protects the raw exterior surface.

VALUE-ADDED PARTNERSHIPS

STRATEGIC DIFFERENTIATION AND
PROFITABILITY.

I propose three strategic integration pathways, designed not only to generate mutual economic benefit, but to elevate the prestige and identity of your space for participants.

If your project or retreat requires a different approach, we can conceptualize the piece's format and activation together to precisely match your needs.

01.

VALUE-ADDED PARTNERSHIPS

THE CONTINUOUS ANCHORING

ALL-INCLUSIVE EXPERIENCES / PREMIUM RETREATS

We bring one of our large-format pieces to preside over and activate your sessions through the central fire. As an exclusive value of the event, you integrate an intimate format piece (personal scale) for each attendee into the price of their ticket or registration.

THE BENEFIT FOR YOUR CENTER

You offer an unmatched "Welcome Pack" or designer gift. Participants continue the ritual in their homes, keeping the anchoring of the moment they spent in your session alive, which significantly boosts loyalty and allows you to justify a high-end retreat ticket.

I supply you with the intimate formats at a special partner rate.

02.

VALUE-ADDED PARTNERSHIPS

THE PATH OF PRESENCE

SPECIAL EVENTS & WORKSHOPS

Equip your room ephemerally with a monumental sculptural piece to energize a specific workshop. At the end of the practice, I organize a private sales gathering where participants can order their personal formats.

ETHE BENEFIT FOR YOUR CENTER

Your space receives a direct commission on all generated sales without having assumed any inventory cost, management, or logistical risk.

03.

VALUE-ADDED PARTNERSHIPS

CO-CREATED SANCTUARIES

SPACE CONSULTING

I review the light, intention, and geometries of your room to permanently adapt the formats, aggregates, and patinas of the pieces to the exact measure of your holistic proposal.

THE BENEFIT FOR YOUR CENTER

You achieve a radical aesthetic differentiation from the competition, transforming your physical space into a sanctuary with its own brand identity.

THE PHYSICAL ANCHORING THAT GIVES IDENTITY TO YOUR SPACE.
